## ATTENTION PLEASE

Confidence isn't just for public speaking. It's an attitude that steers you through life. And if you weren't born with it, you can always borrow it from the ŠKODA FABIA. With its sharp, angular lines it's way too bold to be shy. But its confidence isn't just locked in its looks. Being a thoroughbred ŠKODA means it comes with thoughtful Simply Clever details that add comfort to confidence.

The FABIA is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That's Simply Clever. That's ŠKODA.

# TRIGGER SECRET ADMIRERS

Don't beg for attention, steal it. Start with getting dressed to impress, then leave them gasping for air. Turn heads wherever you go. Attract secret admirers at every corner.

## FRONT VIEW

The front of the car radiates strength and confidence. Headlamp covers with crystal edges in the lower section reveal the brilliance reminiscent of Bohemian cut-glass masters. The top headlamp option is fitted with a black backfill and LEDs for daylight driving. You can further equip your FABIA with fog lamps with the corner function.

## PANORAMIC ROOF AND SUNSET

The attractiveness of the FABIA model can be highlighted with the panoramic glass roof, which stretches all the way from the windscreen to the roof spoiler. When needed, you can roll a screen across to shield yourself from the sun. Additional effective protection from direct sunlight and a greater sense of privacy are provided by the SunSet tinted windows in the rear.

## SIDE INDICATORS

The external side-view mirror caps contain the side indicators, elevating the overall impression of the FABIA by another notch.

## SIDE VIEW

The FABIA is as beautiful as it is dynamic. Sharp lines and strong curves define its body, creating an attractive play of light and shadow.

**FABIA COMBI**

The combi version is proof that form and function can live under the same roof. Its sharp clean lines cleverly enfold the unrivalled space inside. View it from any angle and its perfectly balanced proportions won't fail to impress. It's a great example of dynamic design working in harmony with practicality, as highlighted by the functional yet elegant roof railings.

**REAR LIGHTS**

The rear of the car features the familiar illuminated C-shaped rear lights with a glossy black framing.

# FIFTY SHADES OF FUN

You were born with a colour-muscle. Flex it. Designed exclusively for the hatchback version, ColourConcept offers many options to personalise your FABIA. Choose the roof, external side-view mirrors and wheels in white, silver or black and match them with a selection of colours for the main body.

QUARTZ GREY METALLIC

WITH SILVER COLOUR CONCEPT

RACE BLUE METALLIC  
WITH WHITE COLOUR CONCEPT

A wide-angle photograph of a car's interior, viewed from the driver's perspective. The dashboard is dark with a central infotainment screen displaying the Skoda logo and 'Welcome to the SKODA'. The steering wheel is black with the Skoda logo in the center and silver accents. The instrument cluster features two main dials. The center console has a gear shifter and handbrake. The seats are dark with a quilted pattern. The text 'INTERIOR DESIGN' is overlaid in large white letters on the right side of the image.

# INTERIOR DESIGN

# UNLEASH YOUR INNER CONFIDENCE

You have their attention. Good. Now take them inside. Show them there's more to you than what met their awestruck eyes. Convince them beauty isn't just skin deep.

## INTERIOR DESIGN

The FABIA provides a captivating interior, brimming with quality materials and precise workmanship wherever you look. An emphasis on horizontal lines and fine-tuned ergonomics makes the interior of this compact car comfortable, selfassured and surprisingly spacious.

## PEDAL COVERS

The noble steel foot pedal covers are stylish plus they enhance the driver's comfort.

## MORE SPACE

You will enjoy the feeling of freedom and even more space with the panoramic roof.

A woman with long brown hair is sitting in the driver's seat of a car. She is looking at the car's infotainment screen, which displays the 'SmartLink' interface. Her hand is touching one of the icons on the screen. The car's interior is visible, including the steering wheel, dashboard, and center console. A smartphone is connected to the car's system and is resting on the center console. The car is parked on a street with a building and trees in the background. The word 'CONNECTIVITY' is written in large, white, bold letters across the right side of the image.

# CONNECTIVITY

# ŠKODA CONNECT: TAKE THE ONLINE WORLD WITH YOU

The FABIA helps you stay connected wherever you are. To be online fully and permanently means not only having access to entertainment and information, but also possible assistance while on the move. ŠKODA CONNECT is your gateway to a world of unlimited communication possibilities.

**ŠKODA CONNECT**  
This offer includes two categories of service. While Infotainment Online delivers real time information to navigation, about traffic for example, Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers an assistance service for any situation that needs it.

**PARKING POSITION**  
Retrieve the exact location of your car in large car parks from anywhere, by displaying the address, time and date of parking on your mobile phone.

**DRIVING DATA**  
Information about your journey, such as average consumption, average speed, distance and journey time, is stored. You can display your personal driving data and have an overview of all your trips.

**EMERGENCY CALL**  
The SOS call is placed automatically during an emergency where the restraint system has been activated. This emergency system can also be activated manually by pressing the red button on the roof console.

**ONLINE TRAFFIC INFORMATION**  
Always take the best route: up-to-date information gives you a perfect overview of every trip. It also enables you to react to new developments, such as roadworks, accidents and traffic jams.

**PETROL STATIONS**  
You can find out the distance, petrol station type and the current fuel prices. This information is displayed in real time. The fuel type of the vehicle is automatically detected and displayed.

**WEATHER**  
Get the latest weather report for your current location, destination or anywhere else with detailed forecasts, including precipitation predictions and warnings.

# MULTITASKING WON'T FEEL LIKE A TASK

Teach your smartphone to be smarter. Introduce it to your other love, your car. Make them speak the same language. Go anywhere. Be anyone. Do anything. But keep all your lives in sync.

**AMUNDSEN / BOLERO**  
The Amundsen navigation system (on the photo) and the Bolero radio, controlled via a 6.5" touch-screen display, come with a USB/Aux-in input jack, slot for SD cards located in the glove compartment, Bluetooth and ŠKODA Surround. The devices can even be used to control the car menu. The Amundsen is supplied with an SD card with maps. SmartLink+ and DAB (Digital Audio Broadcast) come as optional.

**ŠKODA SURROUND**  
Turn your car into an amphitheatre. Developed in collaboration with a leading audio brand, the ŠKODA Surround sound system employs six speakers. Special software can additionally employ two virtual speakers in the front and rear. The system can also create a virtual yet impressive subwoofer.

**SMARTLINK+**  
With the SmartLink+ system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay and Android Auto), the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto. The SmartLink+ system also includes the SmartGate function. It enables you to connect your smartphone to the car via cable to access interesting data about your drive, like driving economy, driving dynamics or service information.\*

**MyŠKODA APP**  
Meet Paul, the interactive assistant of the MyŠKODA App (for Android and iOS systems), who can provide help in various daily situations. You can use him to access information about your car or for a complete description of what controls what, what each warning lamp means, etc. Paul can also keep an eye on the dates in your planner. Not only will you never forget a meeting, but your assistant will also advise you on how to get there.

\* Visit our website for usage terms and compatibility information for SmartLink+.

**SIMPLY  
CLEVER**

# MORE ORGANISED THAN POST-ITS

Hack your life. Make it easier. Make it simpler. Find the little things that make a big difference. Call it paying attention to detail. Or as we call it, Simply Clever.

## FRONT ARMREST

The front armrest, which conceals a storage compartment for small items, increases the comfort of both the driver and front passenger.

## GLOVE COMPARTMENT

The closed storage compartment in the dashboard has enough room to fit a 1.0-l bottle inside.

## SUNGLASSES COMPARTMENT

Your stylish shades deserve a special safe place. The sunglasses compartment is located above the interior rear-view mirror.

## TICKET HOLDER ON THE WINDSCREEN

When you need to display a parking ticket in a visible place, the solution is simple. The car is equipped with a parking ticket holder under the windscreen.

## TICKET HOLDER ON THE SUNSHIELD

You can use the holder on the sunshield (on the driver side) to fix a ticket, photo or document you want to keep close at hand.

#### MULTIMEDIA BRACKET

You can drive with personal appliances, like your smartphone, safely stored in the multimedia bracket situated in the dual drinks holder on the central console.

#### POCKETS

Storage pockets on the insides of the front seat backrests can carry a map, mobile phone or other small items.

#### UMBRELLA BOX

A box with the original ŠKODA umbrella can be found under the passenger seat.

#### FRONT DOOR COMPARTMENTS

You will find a 1.5-l bottle holder in a spacious compartment in the front door. This is also where you can place a removable waste basket.

#### REFLECTIVE VEST HOLDER

A holder located in the driver's door compartment makes a reflective safety vest immediately within reach if you need it.

#### ICE SCRAPER

The green ice scraper is kind of inside, yet outside. It's mounted on the fuel cap and is within reach if you need it, plus it's not a problem to replace it there when wet.

# STUFF FOR YOUR STUFF

Store it. Hang it. Lift it. Lock it. Stretch the spacious luggage compartment even further with ingenious details that will make your world rock, but never roll.

**CAPACITY**  
The luggage compartment runs some impressive numbers: the hatchback offers 330 litres with the seats up and 1,150 litres with the rear seats folded, while the combi offers 530/1,395 litres. A set of nets in varying sizes will keep order in your luggage compartment and will prevent luggage from sliding around.

**DOUBLE FLOOR**  
This special equipment for the combi version places the bottom of the luggage compartment on the loading edge level, facilitating easier luggage handling. In addition, it provides a discrete storage place.

**PARTITION NET**  
The partition net for the combi version separates the luggage compartment from the crew space and increases passenger safety when transporting objects without the luggage compartment cover.

**FLEXIBLE STORAGE COMPARTMENT**  
This handy accessory can be used to fix smaller objects in place.

**SHELF**  
The 2-position luggage compartment shelf in the hatchback version, when fixed in the lower position, allows for the transport of fragile objects.

**FOLDING HOOKS**  
Your shopping will be safe from spilling out of the bags when hung on the hooks.

COMFORT

# ENJOY THE PERKS

Take a deep breath. Seize comfort like you seize attention. Relax on the longest journeys without breaking a sweat. Take complete command of your life, but always look comfortable doing it.

**MULTIFUNCTIONAL STEERING WHEEL**

The attractive multifunctional leather steering wheel is not only pleasurable to grip, but enables you to control radio, Maxi DOT and your connected phone.

**KESY / EASY START**

The car can be equipped with KESY (Keyless Entry, Start and exit System) or with the simpler version called Easy Start. A Start/Stop button for keyless switching on and off the engine is located on the steering column.

**CLIMATRONIC AIR CONDITIONING**

The electronic air conditioning isn't just a hard worker during the hot summer months. It will also ensure maximum comfort all year round and, thanks to the humidity sensor, will even deal with a steamed-up windscreen.

**LIGHT AND RAIN SENSOR**

Your drive will be even safer and more pleasant now that you can leave turning on and off the lights and wipers to the Light and Rain Sensor.

**ELECTRICALLY-ADJUSTABLE WINDOWS**

The controls for the front windows are conveniently located in the door panelling. If you decide on the electrically-adjustable rear windows, you'll also get the child's safety lock.

**ELECTRICALLY-ADJUSTABLE AND HEATED EXTERNAL SIDE-VIEW MIRRORS**

The external side-view mirrors can be quickly adjusted and defrosted or defogged from the comfort of your seat without having to open the windows.

**SAFETY**

# OUTSOURCE YOUR SAFETY

Get an extra pair of hands. Let technology help you do what you love doing. But stay safe thanks to guardians who remain hidden.

**DRIVER ALERT**  
The Driver Alert evaluates data from the power steering sensors to detect any driver fatigue behaviour. In such cases, the Maxi DOT display warns the driver to take a break.

**ADAPTIVE CRUISE CONTROL**  
Using a radar in the front bumper, the Adaptive Cruise Control, besides the basic cruise control function, maintains a safe distance from vehicles in front of you.

**REAR-VIEW CAMERA**  
Enjoy easier parking by equipping your car with the rear-view camera located on the handle of the 5th door. It monitors the space behind the car and indicates the driving lanes, based on the vehicle width.

**FRONT ASSIST**  
Using a radar in the front bumper, the Front Assist initiates an audio/visual signal, using Maxi DOT, to warn about an impending collision. If the driver fails to respond, the system initiates braking to minimise any possible impact.

# FETCH COMPLIMENTS, NOT RISKS

Take your chances, but none while driving.  
Indulge in style without skimping on safety.  
Attract all the attention without attracting any  
risks. Take care of things while still being carefree.

## FRONT AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

## AIRBAGS

The car is equipped with six airbags as standard to provide maximum safety to the driver as well as the crew.\* These include head, front and front side airbags.

## SIDE AIRBAGS

These two airbags protect the pelvis and chest of the driver and front seat passenger in the event of a side collision.

## THIRD HEADREST

The most valuable load is often transported in the rear. Those in the back of the car will appreciate the option of equipping the rear seats with a third headrest designed for the passenger in the middle seat.

\* Applies to EU countries.

A man with brown hair and a beard is shown in profile, drinking from a clear plastic water bottle. He is wearing a grey hoodie. The background is a bright blue sky with white clouds. The word "PERFORMANCE" is written in large, bold, black capital letters across the right side of the image.

**PERFORMANCE**

# NEVER RUN OUT OF BREATH

Make the streets your playground. Zig, zag, then zig some more through traffic. Get there and back and stop everywhere in between. Accomplish all this with engines that are eco-friendly, wallet-friendly and power-friendly, too.

## START-STOP SYSTEM

The Start-Stop system saves fuel by automatically switching off the engine when idle. By pressing the clutch pedal the engine restarts automatically.

## TRANSMISSIONS

If you'd enjoy absolute power in absolute comfort, there's an automatic 7-speed DSG (Direct Shift Gearbox) transmission. Drivers who prefer manual gear shift may choose an engine with 5-speed or 6-speed manual transmission, which offer precise and easy gear shifts thanks to the short gears.

## PETROL ENGINES

Even power comes in different flavours. Our offer includes petrol engines with TSI as well as MPI technology. You can choose from 44 kW, 55 kW, 70 kW or 81 kW.

## DIESEL ENGINES

The 55kW, 66kW or 77kW diesel engines guarantee smooth running at exceptionally low fuel consumption.

# MONTE CARLO

# BRING OUT THE RED TUXEDO

Take the successful history of ŠKODA cars at the legendary Monte Carlo Rally. Mix it with the style and glamour of the principality. And you get the exciting FABIA MONTE CARLO. The car features black exterior elements, which give it a unique style and a ferocious expression. It's time to go all in.

## EXTERIOR DESIGN

The specific features in a black design include the external side-view mirrors, front grille frame, front bumper spoiler, plastic door sill covers and diffuser. The Monte Carlo logo can be found on the B-columns. To further enhance the overall impression as well as the passengers' comfort, all vehicles are equipped with SunSet tinted windows in the rear.

## SPORTS INTERIOR

The interior features sports front seats and upholstery in a combination of red, black and grey. The sports steering wheel in black perforated leather is decorated with red stitching.

## PANORAMIC ROOF

The distinctiveness of the car is underlined with the panoramic roof, which comes as standard for both the hatchback and combi versions.

## DOOR SILL STRIPS

The front door sill strips with Monte Carlo inscription have both decorative and protective functions.

## STYLISH FEATURES

The gear stick knob comes in black leather. The sleeve features red stitching, which you can also find on the carpets. The centre console comes in red or black as standard.

## WHEELS

The Monte Carlo version comes with the attractive 16" Italia alloy wheels in a black colour.

# SCOUTLINE

# KNOW THE UNKNOWN

Find new challenges. Try different sport activities. Set off on unknown paths. The FABIA COMBI SCOUTLINE is a car dressed for adventure. The expressive body accessories lend the ScoutLine version a robust outdoor look. They also help protect the body from flying objects when driving beyond paved roads.

## EXCLUSIVE DESIGN

The ScoutLine version features, among other things, the front add-on part with exclusive paintwork in textured black-grey and reflective silver colours. In adverse weather conditions you will appreciate fog lamps, which come as standard.

## CROSS-COUNTRY CHARACTER

The front and rear wheel arch extensions and add-on sill skirts in textured black-grey emphasise the car's uniqueness and cross-country character. The practicality of the ScoutLine version is increased with roof rails.

## REAR VIEW

Rear add-on part in textured black-grey, with integrated diffuser in reflective silver colour, gives the car rear an exceptionally robust appearance.

**ROCK WHEEL**  
16" Rock alloy wheels.

**CLUBBER WHEEL**  
17" Clubber alloy wheels.

**BRAGA WHEEL**

# ACCESSORIES

# YOUR CAR, YOUR SIGNATURE

Accessories aren't just fashion fads. With ŠKODA Original Accessories, you can transform your car by expanding its practicality, safety and purpose, and make it a lot more suitable for your specific needs.

**DOOR SILL COVERS**  
Decorative door sill covers with aluminium inserts underline the car's unique design, besides protecting the door sills against mechanical damage.

**MUD FLAPS**  
Rear mud flaps protect the chassis from mud and flying stones.

**SKI AND SNOWBOARD BOX**  
Lockable ski and snowboard box combines practicality, style and safety. It carries up to 5 pairs of skis or 4 snowboards.

**ROOF RACK**  
You can securely attach racks and holders, such as a bicycle carrier or ski and snowboard box, onto the basic roof rack.

**CHILD SEAT**  
Safety and comfort of small passengers aged 3-12 (15-36 kg) is provided by the child seat Wavo 1-2-3, besides meeting the strict Euro NCAP safety standards.

**FOOT MATS**  
High-quality textile foot mats make the interior more comfortable and cosy.

**RUBBER MATS**  
Easy-to-clean rubber foot mats protect the interior during inclement weather.

FURTHER SPECIFICATIONS

Body		Exterior dimensions	
Type	5-seater, 5-door, 2-compartment	Length/width (mm)	3,992/1,732
Drag coefficient C <sub>w</sub>	0.316–0.326 according to engine version	Height (mm)	1,467
Chassis		Wheel base (mm)	2,470
Front axle	McPherson suspension with lower triangular links and torsion stabiliser	Track front/rear (mm) – according to engine version	1,463; 1,457/1,457; 1,451
Rear axle	Compound link crank-axle	Clearance (mm)	133
Braking system	Hydraulic dual-diagonal circuit braking system vacuum assisted	Interior dimensions	
– front brakes	Disc brakes with inner cooling and with single-piston floating calliper	Lateral room front/rear (mm)	1,401/1,386
– rear brakes	Drum brakes; alternatively disc brakes depending on engine version	Effective head room front/rear (mm)	1,021/963
Steering	Direct rack-and-pinion steering with electro-mechanic power steering	Luggage storage space (max. l)	
Wheels	5.0J x 14"; 6.0J x 15" according to engine version	Without spare tyre, with rear seat backrests –	
Tyres ***	175/70 R14; 185/60 R15 according to engine version	upright/down	330/1,150

\* Using low-octane fuel may affect engine performance.  
\*\* Applies to vehicle with 185/60 R15 tyres with low rolling resistance.  
\*\*\* The car can be equipped with a set of all-season tyres.  
For more information contact your authorised ŠKODA partner.

The listed values (except for values marked \*\*) apply to the standard model without extra equipment.  
All engines feature the Start-Stop system and energy recovery functionality.
