

# ŠKODA KODIAQ RS

**ŠKODA**  
SIMPLY CLEVER

# FAMILY LIFE, TURBOCHARGED

Having a family means having responsibilities. And now you can fulfil them quickly with the powerful ŠKODA KODIAQ RS. With a 4x4 drive and 2.0 TSI/180 kW engine at its heart, it's not just a car. It's a weapon that transforms every chore into a dynamic experience. 20" alloy wheels and plenty of signature RS details complement the racy potential while the Dynamic Chassis Control, sports steering wheel, and full LED Matrix headlights round off the cockpit experience.

And to ensure all that power doesn't go to your head, there are plenty of safety assistants to protect the most powerful family in the neighbourhood. Yours.

That's Simply Clever. That's ŠKODA.

# THIS BEAUTY IS A BEAST

Vigorous, charismatic, yet elegant. The impressive design of the car reflects the dynamic character of the KODIAQ RS and its sporty ambitions, while keeping its style on track – even off the road.

## STYLE AND FUNCTIONALITY

The car's sporty genes and dynamic personality are emphasised by many features such as bumpers in RS design, the glossy black front grille complemented by the sports RS badge, and 20" black alloy wheels. The 4x4 drive supported by plastic protective elements all around the car ensures that you can go for more extreme driving conditions. The full LED Matrix headlights, which combine a unique design with state-of-the-art technology, also come as standard.

### STYLISH REAR

In addition to unmissable details, such as inscriptions on the 5th door in black, RS badge, and elongated reflector, the car features a rear bumper in RS design with black diffuser and visible exhaust pipe end pieces in polished stainless steel finish.

They are specially tuned to produce the engine's sporty sound, further emphasised by the dynamic sound boost. The standard equipment also includes the TOP full LED tail lights with animated turn indicators. When you lock and unlock your car, the welcome effect also activates the animation feature.

#### BLACK FEATURES

The dynamic appearance of the exterior is enhanced by the glossy black features such as exterior side-view mirror caps, side window frames, and roof railings.

## PREPARE FOR TAKE OFF

Welcome to the cockpit. Fasten your seatbelts and get ready for a remarkably pleasant ride. The interior reflects the exceptional sporty charisma of the car while keeping you in maximum comfort. The front sports seats, sports steering wheel in perforated leather with RS plaque, Virtual Cockpit, Carbon décor, black ceiling, electrically-adjustable driver seat with built-in memory, LED ambient lighting, and many more features come as standard. The Suedia ceiling in black is optional.

#### SEATS AND UPHOLSTERY

The car always features front sports seats with RS logo embroidered on the backrest, which underline the dynamic interior design. The black perforated Suedia/leather/leatherette upholstery with red stitching (shown) also comes as standard. The perforated leather/leatherette upholstery (combined with ventilated electrically-adjustable front seats with built-in memory and cushion depth adjustment) is optional.

#### DECORATIVE ELEMENTS

The interior features a lot of decorative elements such as chrome details, air vent frames in black, and Carbon décor, which emphasises the sporty spirit of the car. In addition to the upholstery, the decorative red stitching can be found on the dashboard, front armrest, gear stick sleeve, and door armrest.

**DOOR SILL STRIPS / WELCOME LOGO**

The decorative door sill strips in the front bear the KODIAQ inscription. The LEDs located on the underside of the front doors, projecting the ŠKODA inscription, illuminate the entry area.

**PEDAL COVERS**

The stylish interior is complemented by sports pedal covers in alloy design. The rubber facets on the pedals prevent your shoes from slipping.
